### *Notification for company name changed*

*To: Whom it may concern*

*Pleased to inform that our company name have been changed into:*

***Hangzhou Kexing Biochem Co., Ltd***

This change is due to governmental regulation. Fuyang is now categorized as a district instead of a city. Therefore, any local businesses should include "Hangzhou" in its company name and registration. Thus, we have changed the name formally to Hangzhou Kexing Biochem Co., Ltd in order to comply with this administrative requirements.

This is only a name change. The factory location and manufacturing process remain the same.

*Would apologize if there is any inconvenience caused accordingly*

*Best regards*
